ABOUT ME

I am Ather Usman, a Shopify Expert specializing in complete eCommerce store development and growth. I build and optimize Shopify stores with a focus on performance, conversions, and user experience. Skilled in SEO and digital marketing, I drive targeted traffic and improve sales outcomes. Passionate about helping brands scale through modern, data-driven eCommerce strategies.

EXPERIENCE

Shopify Expert - Freelance

September 2025 – Present

- Delivered end-to-end Shopify solutions, including full store setup, theme customization, product management, and app integrations aligned with client business goals
- Optimized store performance and conversions through UX improvements, speed optimization, and CRO-focused design strategies
- Executed growth initiatives including SEO (keyword research, on-page, technical) and digital marketing campaigns (Meta, Google, TikTok) to drive traffic and boost sales

Shopify Developer – Blinix Solution

June 2025 – August 2025

- Developed and customized Shopify stores based on client needs.
- Optimized themes for better performance and responsiveness.
- Integrated third-party apps to enhance store functionality.

SEO – SEO Expert

February 2025 – June 2025

- Optimized websites to improve search rankings and visibility.
- Conducted keyword research and on-page SEO audits.
- Supported SEO strategies to boost organic traffic.
